It's BBQ Time at the Manor!

*The first of the summer celebrations is a big hit***Singing. Dancing. Food.**

If it's Memorial Day, it must be time for the first Bar-be-que of the year! With Chef George at the grill and Larry Duff and his trio swinging away in the Promenade, Residents were treated to a wonderful day full of fun and frolic. Here are some pix of the good times which were had by all!

**June Highlights****June 5**

June 25

Alice Gerety and Root Beer Floats – Dining Room During Dinner

June 26

Sol Y Mar – Jameson Hall

June 27

Pizza Party – B Lounge

MORE MEMORIAL DAY PICS

RESIDENT SPOTLIGHT ON THE ARTS

The Manor is fortunate to have many resident artists and artisans, whether it be writing, painting, sculpting or crafts. This new feature will periodically focus on these residents, give a little background about them and publish some of their works to share with other Manor Residents. – If you're interested, please contact the Editor and share your story and talent with FM friends and neighbors.

JOY BOWMAN

Joy studied art at Penn State University and received a Masters Degree from Temple University in Rome, Italy. She lived in Rome and traveled in Italy for over a year, noting that each city has its own *academia del arte* – it felt to her that all Italians were artists. She also traveled to France, Switzerland, England and later to Japan, China and India, all the while soaking up the art of these diverse and rich cultures. She later taught junior high and adult night school in Valley Forge, Pennsylvania.

Joy describes her art as very personal, combining the beauty she's seen with her own inner spiritual experiences. She has studied many religions and her art reflects her deeply held beliefs. Currently her art involves mixed media, colored pencils, pen and ink, paint and collage. Her works evolve as she works, and she allows the picture to take its own form. What comes out are frequently angelic faces, birds of many colors and highly colorful textures.

Prints of her artwork are available and she will soon have a website called "Journey of the Soul."

FM & RSC UPDATE

- **Drought Update:** Executive Director Dan Herzog reports that the drought is getting very serious and reviewed the steps that have been taken thus far.

They include the conversion to a drip system throughout the grounds and the plan to install drought-resistant plants in the A Courtyard surrounding the Gazebo. Additionally, mulch will be liberally added to all garden areas to keep the ground moist.

Further, because some residents are still overwatering the roses and other areas of the property, hoses in those areas will be removed. Proof of overwatering is the excess water leaking in to the garage area. Remember that the dirt depth is only about three and a half feet.

Another effort to save water will be the installation of new washers and dryers in the Laundry Room. A sign-on bonus with the new company will provide enough money to repaint and fix up the laundry room and purchase additional laundry carts. These new washers are more water-efficient and will save 106,000 gallons per year.

- In other news, new glass table tops have been ordered for the Dining Room, which will eliminate the stickiness problem caused by the interaction of the cleaner used with the wood finish, which left the wood tacky and the finish deteriorating.
- Finally, the 4th of July Raffle is underway with Shirley selling tickets at meals in the Dining Room. FM gets half the proceeds from the \$5 tickets, so please help make this a big success!

June Birthdays

6/1	Eileen Hlinka
6/2	Donald Schnauffer
6/3	Walker Moore
6/6	Bruce Webster
6/7	Carol De Bruin
6/8	Lois Traxler
6/8	Luis Pernia
6/10	John Ashley
6/10	Betty Chackel
6/13	Roger Teegardin
6/15	Sharon Teel
6/16	Maxine Wagner
6/19	Archie Archuletta
6/21	Roy Kuehn
6/23	Siglind Reid
6/27	James Purcell
6/30	Lawrence Suhr
