Isla Vista's Friendship Manor is looking for a new home, after over 30-years at it's present site on El Colegio Road.

Right now, about 200-seniors live at the multi-story facility. However, the non-profit is looking for a new, modern, upgraded home for it's residents.

Currently, they are seeking community support to find a site, somewhere between Goleta and Carpinteria.

Once a new location for Friendship Manor is found, the current site will be sold, possibly for student housing.
